2. Hold at least a bachelor's degree.
3. Elementary teachers - have demonstrated subject knowledge and teaching skills in reading, writing, mathematics and other areas of the basic elementary school curriculum.

## **Title I Building Level Responsibilities**

Each Title I building administrator will invite all parents to attend their school's program planning meetings, school review and improvement meetings.

Title I teachers will provide parents with quarterly written reports on the progress of their children, so that parents can know the extent to which they are learning. Teachers will be available for individual conferences at the regularly scheduled District Parent/Teacher Conference dates and at other times by appointment through each building office. Meeting times will take into account the need to accommodate a variety of parent work schedules.

Through these reports and conferences, Title I teachers will provide parents with the results of evaluations of student progress. These evaluations will include, but will not be limited to, test results, measurements of homework turned in, homework completed, student attitudes and student behavior.

Each Title I school will:

1. Design and sponsor activities to address the needs of children which are unmet due to the absence of one parent.
2. Design types of parent involvement that do not involve being at school, such as helping teachers by assembling materials at home for use in classroom activities.
3. Offer opportunities and materials for parents to participate in classroom activities.

#### **Parent Notification of Teacher Qualifications**

At the beginning of each school year, the District will notify the parents of each student attending any school receiving Title I funds that they may request information regarding the professional qualifications of the student's classroom teachers, including, at a minimum, the following:

1. Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
3. Whether the child is provided services by paraprofessionals and, if so, their qualifications; and
4. What baccalaureate degree major and any other graduate certification or degree is held by the teacher, and the field of discipline of the certification or degree.

In addition to the information that parents may request, the District will provide to each individual parent:

1. Information on achievement level of the parent's child in each of the state academic assessments as required under this part; and

2. Timely notice that the parent's child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who is not highly qualified.  
Requests by parents for this information must be provided in a timely manner.
