

**Compensation**

**Group Insurance Benefits**

The insurance program for all school personnel who are eligible shall be determined by the annual school budget as first approved by the Board of Education.

There may be years in which the amount determined by the Board to be set aside for personnel insurance benefit will not equal the total amount required by the coverage carrier. The employee must pay the difference or elect not to participate in the program; election not to participate must be approved by the Board.

If the employee elects not to take the Board benefit, the Board is not obligated to reimburse the employee an equal amount of the benefit not taken.

The final date for notification of participation in the health benefit by the employee is the date set by the insurance company.

Group insurance benefits are made available to full-time personnel, as defined by the District and/or the insurance provider.

The contract for medical insurance will be submitted for competitive bidding at least once every three (3) years.

For purposes of this policy, competitive bidding means public notice of the request for medical insurance bids and the provision of information about district participants, claims history, and the details of the District's existing health policy and proposed modifications.

The District's medical group insurance for staff members, after January 1, 2020, will provide coverage for the diagnosis and treatment of autism spectrum disorders and for the diagnosis and treatment of developmental or physical disabilities to the extent that such diagnosis and treatment is not already covered by the District's health plan.
