Total Teachers	39	42	61	102	124	125	140	137

A brief survey was sent electronically to parents in late June of 2019. In total, 509 responses were received. Of the 509 responses, 149 respondents were parents who did not have students attend summer school and 360 respondents did have children some portion of summer school. The feedback will be reviewed by the summer school planning committee this winter.

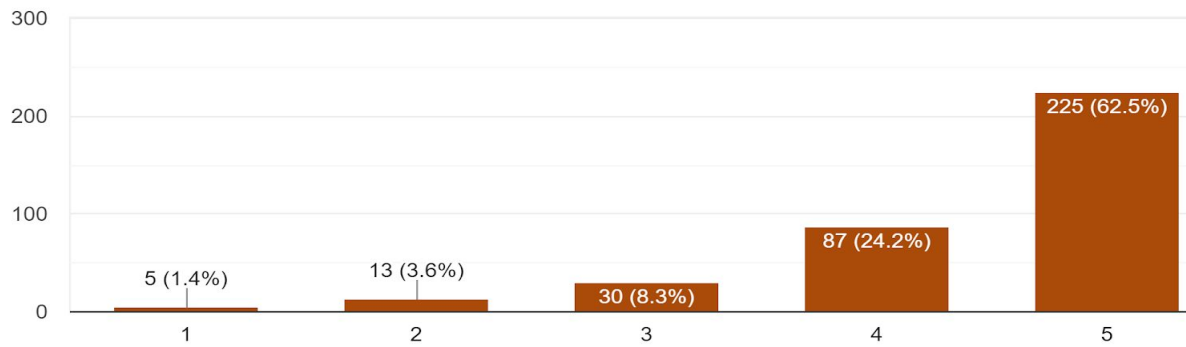

Parents who marked they did not send their child to summer school were asked to select a reason why they chose not to do so.

1. 61% - My child needed a break from school.
2. 17% - Did not work with my schedule.
3. 14% - Program offerings did not interest my child.

Parents who did not mark any of the choices were able to select other and leave comments.

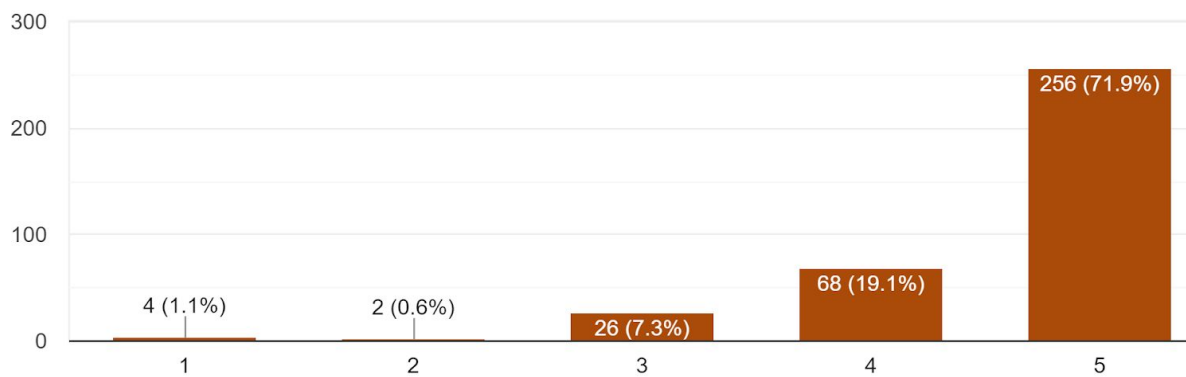

Your child's level of enjoyment with the summer school program.

360 responses

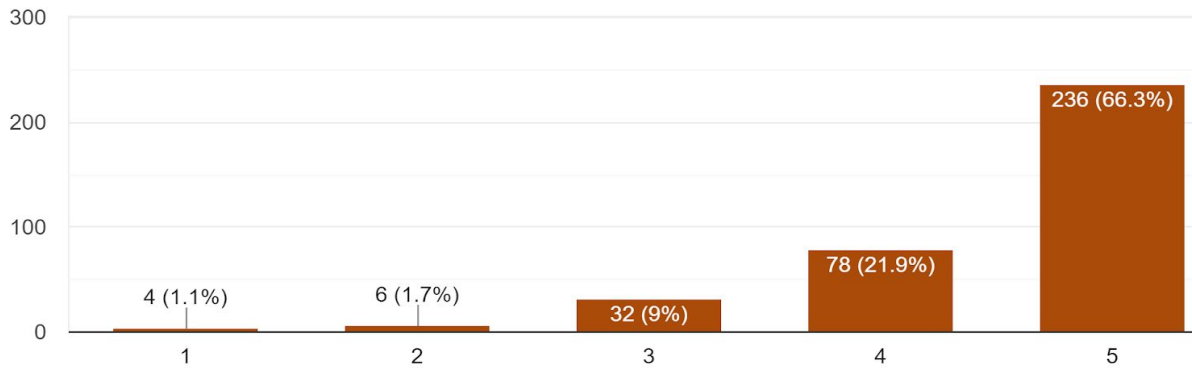

Quality of administration staff in the summer school program.

356 responses

Quality of educational programming/classes offered during the summer school program.

356 responses

Overall quality of the summer school program provided by the district.
